Regional Site

As a member of the winning team, I will attend the National Science Bowl® Event held April 28 – May 2, 2011, in Washington, DC. I have read the eligibility portion of the 2011 National Science Bowl® Rules and agree to the following:

In the interest of safety, continuity, and educational value, the National Science Bowl® requires students to take part in ALL of its events and activities. Therefore, no waivers will be granted or special arrangements made for students to participate in any conflicting activities or exams. If team members are involved in these pursuits, the students will need to determine which activity or event is in their best interest and make their selection by March 11, 2011. All teams must arrive and depart on the designated dates and be in attendance throughout the duration of the National Science Bowl® weekend. If the entire winning regional team (***at least 4 students***) is unable to participate at all activities, the second place team will replace them at the National event.
